Report – Value Added Course

Title : DANGEROUS GOODS FOR PASSENGERS HANDLING STAFF

Course Code : TT18A1005

Semester : 5

This Course is mainly focussed on Understanding the functional flow of Dangerous Goods in an Airport and Understand awareness about the Passenger handling in Airports. It consist of three modules. First module comprises of Definition of Dangerous Goods, Course Objective, Basis of these Regulations, Training Requirements and Dangerous Goods Security.

The second module deals with Forbidden Dangerous Goods, Hidden Dangerous Goods, Dangerous Goods Carried by Passengers or Crew, Dangerous Goods in Operators Property, and State and Operator Variations.

And the third module deals with marking and labelling of dangerous goods. All these topics were covered based on the syllabus and students were asked to submit a report based on the topics covered. After the completion of the course, the students will be able to understand about various dangerous goods, its classification, handling procedure and labelling methods.
