CIRCULAR

The impact and ill effects of the Covid-19 pandemic on the physical and emotional health of the students is of immeasurable magnitude. In this context, a personalized mentoring process will be of immense benefit to the academic growth of the students; and teachers could play a significant role as their mentors in achieving their goals. This circular is to bring to the attention of the Heads and Faculty members of all the departments that the mentoring of the students will begin by the 21st of June, 2021. Since the admission into the I UG and I PG classes are in process, mentoring can be started with II UG, III UG and II PG students. A list of mentors and the mentees assigned to them are attached herewith. The list will be updated and circulated again as and when the I UG and I PG admissions are completed.

The mentors are directed to follow the given guidelines:

1. Maintain sensitive information of the mentees confidential.
2. Mentoring should be carried out with an objective of the holistic development of the mentee.
3. Mentors should make sure to meet the mentees at least two times in a semester for face-to-face mentor-mentee interactions.
4. Mentors should encourage students to participate in both curricular and co-curricular activities.
5. Mentors are required to do necessary follow-ups with any tasks assigned to the mentee.
6. In case the mentor feels that any issue is beyond their capacity to handle, or that the student needs medical or psychological help/counselling, report the issue to the HoD, and do necessary follow-up.
7. Mentors are required to maintain files of the mentoring record at the department.
