### Agenda – Decision to continue with the curriculum adopted in 31/03/2018

The Board of Studies held on 04/06/2019 decided to continue with the curriculum adopted in the previous academic year of 2018 and recommended no changes. As the curriculum of (2017-18) had many topics which were significant to local, national, regional and global level as well as aspects relating to gender, environment, sustainable living and human values there was no need for further revision of the syllabus.
